CONTENTS OF VOLUME II.

NUMBER I.

The Distribution of Ancient Volcanic Rocks along the Eastern Border of North America; Plate I. George H. Williams. . 1

Revolution in the topography of the Pacific Coast since the Auriferous Gravel Period. J. S. Diller. 32

The Name "Newark" in American Stratigraphy: A Joint Discussion. G. K. Gilbert, B. S. Lyman. 55

An Abandoned Pleistocene River Channel in Eastern Indiana. Charles S. Beachler. 62

Studies for Students: Physical Geography in the University. Wm. M. Davis. 66

Editorials. 101

Reviews: Rügen. Eine Inselstudie; Dr. Rudolf Credner, by Wm. M. Davis. 107

Analytical Abstracts of Current Literature; Summary of Current Pre-Cambrian North American Literature. 109

Acknowledgments. 119

NUMBER II.

The Glacial Succession in Norway. Andr. M. Hansen. . . . 123

Dual Nomenclature in Geological Classification. Henry Shaler Williams. 145

Origin and Classification of the Greensands of New Jersey. William Bullock Clark. 161

The Nature of Coal Horizons. Charles Rollin Keyes. 178

The Arkansas Coal Measures in Their Relation to the Pacific Carboniferous Province. James Perrin Smith. 187

Pseudo-Cols. T. C. Chamberlin. 205

Note on the English Equivalent of Schuppenstruktur. William H. Hobbs. 206

Geological Surveys in Missouri. Arthur Winslow. 207

Editorials. 222

Reviews: The Economic Geology of the United States, R. S. Tarr, by R. A. F. Penrose, Jr.; The Canadian Ice Age, Sir J. William Dawson, by T. C. Chamberlin; The Post-Pliocene Diastrophism of the Coast of Southern California, Andrew C. Lawson, by Rollin D. Salisbury. . . 226–235

Analytical Abstracts of Current Literature: Ein typisches Fjordthal, Erich von Drygalski; A Preliminary Report on the Cretaceous and Tertiary Formations of New Jersey, William Bullock Clark; The Pleistocene Rock Gorges of Northwestern Illinois, Oscar H. Hershey; Notes on the Sea-Dikes of the Netherlands, Professor J. C. Smock. 239–241

87586
JUN 11 1902

NUMBER III.

The Oil Shales of the Scottish Carboniferous System. Henry M. Cadell. 243
The Cretaceous Rim of the Black Hills. Lester F. Ward. . . 250
On Diplograptidæ, Lapworth. Carl Wiman. 267
Geological Surveys in Alabama. Eugene Allen Smith. . . . 275
The Superficial Alteration of Ore Deposits. R. A. F. Penrose, Jr. 288
Studies for Students: Erosion, Transportation and Sedimentation Performed by the Atmosphere. J. A. Udden. 318
Editorials. 332
Reviews: Geological Survey of Georgia, J. W. Spencer, by E. A. Smith; Annual Report of the Geological Survey of Arkansas for 1890. Vol. IV., Marbles and other Limestones, T. C. Hopkins, by R. A. F. Penrose, Jr. 335–339
Acknowledgments. 342

NUMBER IV.

The Norwegian Coast Plain. Hans Reusch. 347
Glacial Cañons. W. J. McGee. 350
Fossil Plants as an aid to Geology. F. H. Knowlton. . . . 365
Wave-like Progress of an Epeirogenic Uplift. Warren Upham. . 383
The Occurrence of Algonkian Rocks in Vermont and the Evidence for their Subdivision. Charles Livy Whittle. 396
Editorials. 430
Reviews: The Lafayette Formation, W. J. McGee, by J. W. Spencer. Elementary Meteorology, William Morris Davis, by H. B. Kümmel. . 435–440
Analytical Abstracts of Current Literature: Summary of Pre-Cambrian North American Literature. C. R. Van Hise. . . . 444

NUMBER V.

The Origin of the Oldest Fossils and the Discovery of the Bottom of the Ocean. W. K. Brooks. 455
The Amazonian Upper Carboniferous Fauna. Orville A. Derby. . 480
Geological Surveys of Ohio. Edward Orton. 502
Studies for Students: Proposed Genetic Classification of Pleistocene Glacial Formations. T. C. Chamberlin. 517
Editorials. 539
Reviews: The Iron-Bearing Rocks of the Mesabi Range in Minnesota, J. Edward Spurr, by T. C. Hopkins; The Mineral Industry: Its Statistics, Technology, and Trade in the United States and other Countries, etc. T. C. Hopkins. 545–546

NUMBER VI.

The Cenozoic Deposits of Texas. E. T. Dumble. 549
Outline of Cenozoic History of a Portion of the Middle Atlantic Slope. N. H. Darton. 568
The Metamorphic Series of Shasta County, California. James Perrin Smith. 588
Studies for Students: Superglacial Drift. Rollin D. Salisbury. . . 613
Editorials. 633

REVIEWS: Some Recent Alpine Studies. G. P. Grimsley. 639

ANALYTICAL ABSTRACTS OF CURRENT LITERATURE: Eastern Boundary of the Connecticut Triassic, W. M. Davis and L. S. Griswold; Some New Red Horizons, B. S. Lyman; Minerals Found in Building Stones, Lea McI. Luquer; Landscape Marble, Beebe Thompson; Connecticut Brownstone, B. H. Allbee; Lake Superior Sandstones, H. G. Rothwell; The Great Bluestone Industry, H. B. Ingram 644–647

NUMBER VII.

GLACIAL STUDIES IN GREENLAND. I. T. C. Chamberlin. 649

ON A BASIC ROCK DERIVED FROM GRANITE. C. H. Smyth, Jr. . . 667

THE QUARTZITE TONGUE AT REPUBLIC, MICHIGAN. H. L. Smyth. . . 680

A SKETCH OF GEOLOGICAL INVESTIGATION IN MINNESOTA. N. H. Winchell. 692

STUDIES FOR STUDENTS: The Drift—Its Characteristics and Relationships (continued). Rollin D. Salisbury. 708

EDITORIALS. 725

REVIEWS: The Great Ice Age, James Geikie, by Rollin D. Salisbury; Papers and Notes on the Glacial Geology of Great Britain and Ireland, H. C. Lewis, by T. C. Chamberlin; The Colorado Formation and its Invertebrate Fauna, T. W. Stanton, by H. F. Bain.. 730–751

ANALYTICAL ABSTRACTS OF CURRENT LITERATURE: The Relation between Baseleveling and Organic Evolution, J. B. Woodworth; Tertiary and Early Quaternary Baseleveling in Minnesota, Manitoba, and Northwestward, W. Upham; Proof of the Presence of Organisms in Pre-Cambrian Strata, L. Cayeux; The Niobrara Chalk, Samuel Calvin; A Study of Cherts in Missouri, E. O. Hovey. 753–756

RECENT PUBLICATIONS. 757

NUMBER VIII.

GEORGE HUNTINGTON WILLIAMS. J. P. Iddings. 759

GLACIAL STUDIES IN GREENLAND. II. T. C. Chamberlin.. 768

A PETROGRAPHICAL SKETCH OF ÆGINA AND METHANA. Plate III. Henry S. Washington. 789

THE BASIC MASSIVE ROCKS OF THE LAKE SUPERIOR REGION. W. S. Bayley. 814

THE GEOLOGICAL SURVEYS OF ARKANSAS. J. C. Branner. . . . 826

STUDIES FOR STUDENTS: The Drift—Its Characteristics and Relationships (continued), Rollin D. Salisbury. 837

EDITORIALS. 852

REVIEWS: Hussak's Geology of the Interior of Brazil. J. C. Branner; Einleitung in die Geologie als historische Wissenschaft, J. Walther, by E. C. Quereau; Geologische und geographische Experimente, Heft III., Rupturen, Heft IV. Methoden und Apparate, E. Reyer, by E. C. Quereau. 853–862

ANALYTICAL ABSTRACTS OF CURRENT LITERATURE: Verlauf der Grönland-Expedition der Gesellschaft für Erdkunde, Dr. Erich von Drygalski; The Geology of Angel Island, F. L. Ransome; Geological Survey of Missouri: Bevier and Iron Mountain Sheets, C. H. Gordon, *et al.*; The Granites of Cecil County, Maryland, G. P. Grimsley; Erosion in the Hydrographic Basin of the Arkansas River, J. C. Branner; The Tertiary Geology of Southern Arkansas, G. D. Harris. . . . 863–867

RECENT PUBLICATIONS. 868
